

(c) REMARKS

The pending claims are 1, 4-7, 9-11, 14 and 15 of which claims 1, 4, 14 and 15 are in independent form.

In updating the status of the claims on allowance, it became apparent that several minor grammatical errors required correction. In claims 4 and 15 "device" should have read --devices-- since the term depends from the phrase "a plurality of organic electroluminescent devices". No new matter or new issues are raised, no new search is required and no new material work in the part of the office is necessitated.

Entry of this amendment is respectfully requested.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

/Peter Saxon/
